Fee Structure

The Barnard Castle School CEA +10% fee, requires parents to pay **10% of the published fee** and the balance of the fee is covered by full CEA.

From September 2026 (correct as of 17 July 2026)

Please note:

Fee invoices for September will not be issued until the CEA rate for 2026/27 is confirmed (usually early July). We understand that this will delay requests for CEA for those parents who request early fee invoices and this will lead to CEA being applied for in later payment windows. We are happy to support families accordingly if the delays payment beyond the start of term.

The 10% parental contribution in the table below is fixed for 2026/27.
